

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Biopesticides and Pollution Prevention Division (7511P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

89459-11

Date of Issuance:

6/15/2015

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

STARBAR FLY ATTRACTANT

Name and Address of Registrant (include ZIP Code):

Central Garden & Pet Company
1501 East Woodland Road, Suite 200 West
Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product, always refer to the above EPA Registration Number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA or the Act).

Registration is in no way to be construed as an endorsement or recommendation of this product by the U.S. Environmental Protection Agency (EPA). In order to protect health and the environment, the Administrator, on his or her motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under the Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration or registration review of your product when the EPA requires all registrants of similar products to submit such data.
2. Submit storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) data as these data requirements are not satisfied. A one-year study is required to satisfy these data requirements. You have 18 months from the date of this registration to provide these data to the EPA.
3. Make the following labeling change before you release this product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 89459-11".

Signature of Approving Official:

Andrew Bryceland, Team Leader
Biochemical Pesticides Branch
Biopesticides and Pollution Prevention Division (7511P)
Office of Pesticide Programs

Date:

6/15/2015

4. Submit one (1) copy of the final printed labeling for the record before you release this product for shipment.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6. A stamped copy of the labeling is enclosed for your records. Please also note that the record for this product currently contains the following acceptable Confidential Statement of Formula (CSF):

- Basic CSF dated June 17, 2014.

If you have any questions, please contact Chris Pfeifer of my team by phone at 703-308-0031 or via email at pfeifer.chris@epa.gov.

Sincerely,

A handwritten signature in blue ink, reading "Andrew C. Bryceland".

CAUTION**

ATTRACTANT NET CONTENTS: 1 oz (30 grams) Trap size: large
2 oz (60 grams) Trap size: Giant

[Label for Bag Traps, (2 sizes) - BACK PANEL]

[Brand Name] includes a scientifically developed attractant. Once flies are in the trap, they drown and add to the trap's attractant. Use [Brand Name][this disposable trap] in the yard, kennel, stable, barn, around horses, pets, cattle, sheep, poultry, hogs, garbage containers and other outdoor areas where nuisance and filth flies are a problem.

[Catches filth breeding flies such as house flies, [blow flies,] [flesh flies,] [blue and green bottle flies,] [dump flies,] [and dung flies]]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Remove film on top of trap by cutting dotted line ***inside*** of black rim seal. [(Diagram A)]
2. Pull up trap top by tab until it snaps into position. [(Diagram B)]
3. Fill trap to "fill line" with clean water to activate the attractant. [(Diagram C)]
4. Agitate lightly to disperse attractant. [(Diagram D)]
5. Hang trap outside in a sunlit area of high fly concentration when flies are active and where odors will not be a problem. [(Diagram E)] For best results, place trap within four feet of the ground. In hot weather (above 90°F/32°C), place trap in shade for better results, in cooler weather, place trap in sun.
6. For use in yards or around animal housing, place traps 30 ft (10 m) or more away from home or animals to draw flies away from those locations.
7. For high fly populations, use several traps in different locations.
8. Replace trap when full of flies, or when contents dry out.
9. Wash hands with soap and water after handling.

NOTE: Not for indoor use, nor for use against biting flies. Contents may give off bad odor; keep contents from coming into contact with hands or clothing.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated location out of reach of pets and livestock. **CONTAINER**

HANDLING: Push trap top down to close. Deposit in trash.

ATTRACTANT NET CONTENTS: 0.5 oz (15 grams)

[Label for Single Use Jug Traps - SIDE PANEL(S)]

[Brand Name] Disposable Fly Trap includes a scientifically developed attractant. Once flies are in the trap, they drown and add to the attractant. Use [Brand Name] [this disposable trap] in the yard, kennel, stable, barn, around horses, pets, cattle, sheep, poultry, hogs, garbage containers and other outdoor areas where nuisance and filth flies are a problem.

[Catches filth breeding flies such as house flies, [blow flies,] [flesh flies,] [blue and green bottle flies,] [dump flies,] [and dung flies]]

DIRECTIONS FOR USE:

1. Bait and use trap outdoors.
2. Remove attractant assembly from inside of trap cone. [(Diagram A)]
3. While holding trap upside down, tear open outside attractant packet. [(Diagram B)]
4. Drop water-soluble attractant pouch into trap. Handle with dry hands or use gloves. Do not open the inside pouch, it will dissolve in water. Add [16 fluid ounces [fl oz] of] clean water [up to fill line] to activate attractant [(Diagram C)].
5. Agitate lightly to disperse attractant. [(Diagram D)]
6. Slowly turn trap right side up, and hang or set on a flat surface outside in a sunlit area of high fly concentration when flies are active and where odors will not be a problem. [(Diagram E)] For best results, place trap within four feet of the ground. In hot weather (above 90°F/32°C), place trap in shade for better results, in cooler weather, place trap in full sun.
7. If placed on ground, be sure that at least ¼ inch of space is available between the trap body and ground so flies can enter.
8. Replace trap when full of flies, or when trap contents dry out
9. Wash hands with soap and water after handling.

NOTE: Not for indoor use, nor for use against biting flies. Contents may give off bad odor; keep contents from coming in contact with hands or clothing.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated location out of reach of pets and livestock.

*Generated from trimethylamine HCL 1.00%

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

ATTRACTANT NET CONTENTS: 1 oz (30 grams) (1 water soluble pouch) for ½ gallon trap
2 oz (60 grams) (2 water soluble pouches) for gallon trap

[Label for Reusable Jug Traps (2 sizes) - SIDE PANEL(S)]

Includes Fly Attractant for use in [Brand Name] [Half-Gallon-Sized Traps][Gallon-Sized Traps]
(Gallon-sized traps) - Specially formulated for use with [Brand Names] [Fly Terminator®, Fly Terminator®Pro, Milk Jugg™ Trap] [and other gallon-size reusable fly traps.]
(Half-Gallon-sized traps) - Specially formulated for use with [Brand name] Starbar® Captivator® Fly Trap [and other half-gallon-size reusable fly traps.]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Bait and use trap outdoors.
2. Tear open packet containing fly attractant. [(Diagram A)]
3. Place [both] water-soluble attractant pouch(es) into trap. Do not open the inside pouch(es), it [they] will dissolve in water. (Gallon-sized traps) - Add one-half gallon of clean water[to fill line] to activate the attractant. (Half-Gallon-sized traps) Add one quart of clean water [to fill line] to activate the attractant. [(Diagram B)]
4. Securely replace top of trap. [Be sure center battle assembly is snapped into the open position.] [(Diagram C)]
5. Agitate lightly to disperse attractant. [(Diagram D)]
6. Hang trap outside from handle or tab on top of jug or place trap on ground in a sunlit area of high fly concentration when flies are active and where odors will not be a problem. [(Diagram E)] For best results, place trap within four feet of the ground. In hot weather (above 90°F/32°C), place trap in shade for better results, in cooler weather, place trap in sun.
7. Agitate trap contents occasionally to thoroughly wet trapped flies. Add water to the trap as necessary to maintain the fluid level. Rebait trap when full of flies, or when trap contents dry out.
8. Wash hands with soap and water after handling.
9. Trap may be rinsed and refill with replacement [Brand Name][fly attractant][WSP].

Graphics for Half Gallon Jug Traps

(Alternate Directions For Use for Blister Card trap)

1. Bait and use trap outdoors.\
 2. Remove trapping heads and [fly attractant] packets from blister card.
 3. Rinse out a standard one-gallon plastic milk/water/juice jug of the type shown on the front of the blister card. Use only transparent type jugs, not opaque or colored jugs.
 4. Tear open packet containing fly attractant. [(Diagram A)]
 5. Place [both] water-soluble attractant pouch(es) into empty jug trap. Do not open the inside pouch(es), it/they will dissolve in water. Add one-half gallon of clean water to activate the attractant. [(Diagram B)]
 6. Slide cylinder part of trap head into mouth of jug. [(Diagram C)]
 7. Agitate lightly to disperse attractant. [(Diagram D)]
 8. Hang trap outside from handle or place trap on ground in a sunlit area of high fly concentration when flies are active and where odors will not be a problem. [(Diagram E)] For best results, place trap within four feet of the ground. In hot weather (above 90°F/32°C), place trap in shade for better results, in cooler weather, place trap in sun.
 9. Agitate trap contents occasionally to thoroughly wet trapped flies. Add water to the trap as necessary to maintain the fluid level. Rebait trap when full of flies, or when trap contents dry out.
 10. Wash hands with soap and water after handling.
 11. Trap may be rinsed and refill with replacement [Brand Name][fly attractant][WSP].
- NOTE:** not for indoor use, nor for use against biting flies. Contents may give off bad odor; keep contents from coming in contact with hands or clothing.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated location out of reach of pets and livestock. **DISPOSAL:** Deposit outer packet in trash.

ATTRACTANT NET CONTENTS: [2-24] oz
[60-720 grams]]
[[2-24] one-oz (30 g) water soluble pouches]

[Label text for Fly Attractant WSP Refills – BACK PANEL]

[Brand Name] is specially formulated for use with [Brand Name] Fly Traps [including Fly Terminator®, Fly Terminator® Pro, Milk Jugg™ Trap, and Captivator® Fly Trap] [and other half-gallon and gallon-sized reusable fly traps.]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

(DFU for Single/Double WSP Refill Packet(s))

1. Bait and use traps outdoors.
2. Tear open packet(s) [at tabs] and drop inner packet(s) into trap. Handle with dry hands or use gloves.
3. Do not open the inside pouch(es), it [they] will dissolve in the trap water.
4. Add water [to fill line].
5. Replace top securely.
6. Hang or place trap outside near a fly source.
7. Wash hands with soap and water after handling.
8. Empty trap and rebait attractant when trap dries out or becomes full, or after 30 days, whichever comes first.

(Alternate DFU for Resealable Bag of WSPs)

1. Bait and use traps outdoors.
2. Open zipper bag to remove water-soluble attractant pouch and drop pouch into trap. Handle with dry hands or use gloves.
3. Use attractants promptly after removing from package, and keep them dry during handling.
4. Do not open the inside pouches, they will dissolve in the trap water.
5. Reseal zipper bag after removing water-soluble attractant pouch(es), and keep sealed when not in use.
6. Add water [to fill line].
7. Replace top securely.
8. Hang or place trap outside near a fly source.
9. Wash hands with soap and water after handling.
10. Empty trap and replace attractant when trap dries out or becomes full, or after 30 days, whichever comes first.

USAGE RATES:

For [Brand Names] [and other gallon-sized reusable fly traps], place two water-soluble attractant pouches into trap and add one-half gallon of clean water to activate attractant.

For [Brand Names] [and other half-gallon reusable fly traps], place one water-soluble attractant pouch into trap and add one-quart of clean water to activate attractant.

NOTE: Not for indoor use, nor for use against biting flies. Contents may give off bad odor; do not allow contents to contact hands or clothing.

[Label text for Fly Attractant WSP Refills – BACK PANEL-continued]

STORAGE AND DISPOSAL

STORAGE: Store in original container in a cool, dry, well-ventilated location out of reach of children, pets and livestock. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this bag. **If empty:** Place in trash or offer for recycling, if available. **(Use if resealable bag) If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
